2015 Commencement Highlights

St. Vincent’s College listened intently to the message of commencement speaker Juanita James, President and CEO, Fairfield County’s Community Foundation.

In addition to urging the new graduates to remain lifelong learners, James shared her personal experience with healthcare providers when her son was born prematurely. Bachelor of Science degrees in nursing and radiologic sciences and Associate degrees in nursing and radiography were awarded at the event.

After an invocation by the Most Reverend Frank Caggiano, Bishop of Bridgeport, President Martha K. Shouldis, Ed.D, conferred an Honorary Doctor of Humane Letters degree on Martin Sbriglio, a resident of Shelton who has distinguished himself through contributions to his profession and to the community.

Honorary degrees are traditionally awarded by colleges to those who have distinguished themselves through their contributions to their professions, to their communities, and/or to others. Martin Sbriglio, RN, NHA, has distinguished himself in all three categories and was awarded a Doctor of Humane Letters.

Sbriglio is a 1977 graduate of St. Vincent’s School of Nursing, where he completed requirements for licensure as a registered nurse. He was selected to serve on the St. Vincent’s College Board of Trustees for two separate nine year terms, initially serving from 1997 through 2005 as a member of the Board Capital Campaign Steering Committee and Finance Committee. Sbriglio returned to the Board in 2006 and completed his second nine year term on June 30, 2015. He served as the Chair of the Board in 2014-2015.

“Individuals who become healthcare professionals go above and beyond every day,” James said. “You will create miracles with the importance of the work you will be doing.”
